

The BACW's Bidding Commission hereby present questions made by companies with their respective answers.

*REMARK: The questions presented in this "Questions and Answers" shall be numbered as they are received by the Bidding Commission and may not match the numbering provided by the companies.*

*Therefore, the Bidding Commission has answered previous questions on July 18, 2017, August 21, 2017, August 22, 2017, August 24, 2017, August 31, 2017, September 5, 2017, September 12, 2017 and they are published on BACW's website.*

**Question 26** – *Please advise where to include and state the alternative part numbers being quoted. In which format should we list the parts actually quoted replacing the requested ones?*

**Answer** – In accordance with item 6.3.1 of the Invitation For Bid, bidders must also "submit a statement that chemical products offered possess the same technical specifications described in the BASIC PROJECT PLAN or superior physical and chemical properties. Upon delivery, products shall not be recycled, re-manufactured or reconditioned."

Based on that, the bidder shall inform the alternative part number being quoted in the aforementioned statement.

In addition, the bidder shall indicate on its PRICE PROPOSAL the replacement PART NUMBER. However, the requested part number must not be excluded from the PRICE PROPOSAL, so that the replacement can be easily identified.

Furthermore, the Brazilian Aeronautical Commission appreciates the question, and stands available to clarify and explain any doubts or concerns in order to increase the BID quality. Any questions or concerns must be submitted to [\*\*con@cabw.org\*\*](mailto:con@cabw.org)
