Question 28 – *The SDSs, TDSs and Technical Documents required do not fit inside any envelope. Please advise if the Qualification Envelope can be a box instead due to physical constraints.?*

Answer – Taking into consideration the reasonability principle, this BIDDING COMMISSION states that the term "envelope" can be read as "box" for the purposes of submitting Qualification Documents and Price Proposal.

However, the BIDDERS must follow the instructions for preparing and identifying their envelopes (and/or box, boxes) as per Clause 5 for the Invitation for Bid.

Furthermore, the Brazilian Aeronautical Commission appreciates the question, and stands available to clarify and explain any doubts or concerns in order to increase the BID quality. Any questions or concerns must be submitted to [**con@cabw.org**](mailto:con@cabw.org)

Note: This information has been made available at BACW website in the publishing for the related Bidding Process.
