

The BACW's Bidding Commission hereby present questions made by companies with their respective answers.

Question 1 –*All the qualification documents, no matter it's in English or other language, should be notarized in a notary office in the original country to verify the signature or the company's stamps? For a performance certificate issued by end user in English and in other country, it is necessary to be notarized? All the translation from other language to English should be done by an official translate office? Is it ok to translate by ourselves?*

Answer: In accordance with item 25.18 of the Invitation For Bid (IFB), *“the language for this bidding shall be English”*. Therefore, documents that are presented in other language shall have its translation into English. Moreover, the IFB does not request documents to be notarized or translated by an official officer. Notwithstanding, the Bidder must adhere to the recommendations for accreditation set forth on Clause 4 of the IFB.

Furthermore, the Brazilian Aeronautical Commission appreciates the question, and stands available to clarify and explain any doubts or concerns in order to increase the BID quality. Any questions or concerns must be submitted to [**con@cabw.org**](mailto:con@cabw.org)

Note: This information has been made available at BACW website in the publishing for the related Bidding Process.
